Prices above reflect a discount we apply to you for hosting a signature cocktail. It is based on the cost of the spirit used and additional ingredients. Prices for cocktails outside of your signature cocktail (whether by customer choice or once the bar has hit your limit for hosted cocktail quantity) will be higher.

If no Top Shelf price is given then we do not carry a top price spirit of that kind.

If no Rail price is given then we do not make the cocktail with rail spirits (for taste), or the cocktail uses multiple liquors or liqueurs and cannot be priced lower.
