

THE Loft AT STUDIO J

“ We held our January wedding at The Loft at Studio J and we could not be more satisfied! The venue is gorgeous-the Loft has an upscale vibe, but it is cozy and warm. Each picture taken by both guests and the photographers has come out spectacular- there are no ugly or boring backdrops in this venue! This venue is actually fairly large, but our wedding of about 100 were very comfortable and it never felt empty or sparse.

Many of our guests have told us what a wonderful space the Loft at Studio J was and how much fun they had! The staff at the Loft are also wonderful- all of our questions were answered quickly and the team helped make our day move smoothly. Thank you to everyone at the Loft, you truly made our wedding memorable and we are so grateful ”

Built in 1895, this building was renovated in 2013 to become The Loft at Studio J, one of the most unique, rustic and charming venues in Minnesota. With the intentionally chic rehabilitation of the building The Loft at Studio J boasts 4,000 sq feet of event space and has a capacity to hold up to 300 guests. The venue is perfect for weddings, intimate concerts and small functions.

The Loft at Studio J is located in beautiful downtown Stillwater, Minnesota. The historic building was used as housing accommodations for Lumberjacks in the log industry and throughout the century the space evolved to host a variety of retail stores. The building is bursting with the character and history, yet it still represents the modern amenities of the present.

Clients have complete control over every detail of their event at The Loft. The space is versatile and functional. Every celebration feels intimate as the space is customized to match the exact vision and needs of every event.

The beautiful St. Croix River is steps away, and with over 1800 parking spaces in the downtown area you never have to worry about your guests finding a place to park. With 26 bars and restaurants on Main Street, a local brewery, dozens of shops and several hotels within walking distance, it makes this venue a destination in itself. **Isn't it time you join us?**
